

# HOW TO ADD SIGNATURE IN WEBMAIL

## STEP 1

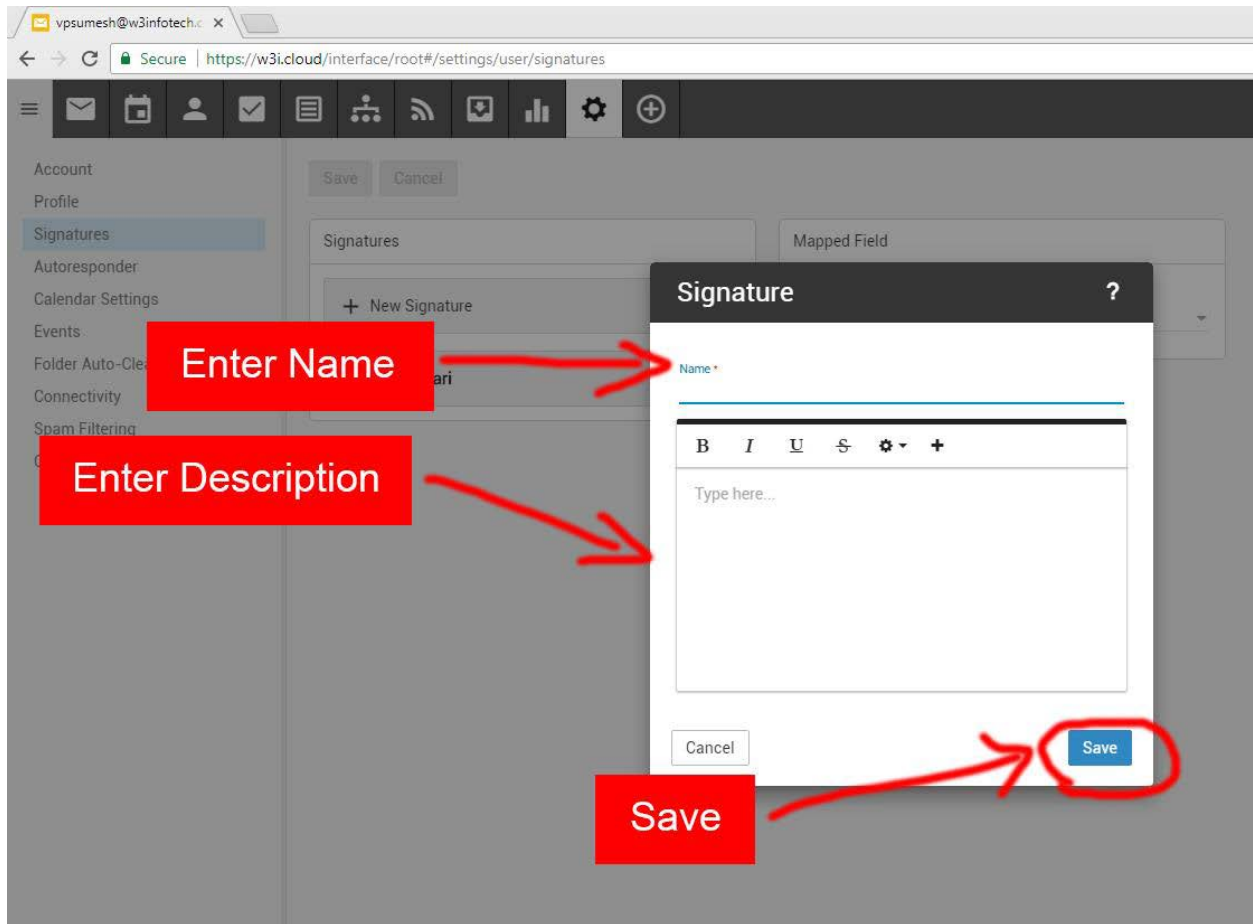

Use this link to open browser [www.w3i.cloud](http://www.w3i.cloud)

The screenshot shows a web browser window with the URL <https://w3i.cloud/interface/root#/settings/user/signatures>. The page title is "Signatures" and it includes a "Mapped Field" section. A modal window titled "Signature" is open, containing a "Name" input field and a rich text editor with a "Type here..." placeholder. The rich text editor has a toolbar with icons for Bold (B), Italic (I), Underline (U), Strikethrough (ABC), and a plus sign (+). At the bottom of the modal are "Cancel" and "Save" buttons. Red callouts with arrows point to the "Name" field (labeled "Enter Name"), the rich text editor (labeled "Enter Description"), and the "Save" button (labeled "Save").
