

Setup Windows Mail Exchange Active Sync

Open Windows Mail -Click settings

Click on Manage Accounts

The screenshot shows an email client interface. At the top, there are buttons for 'Forward' and 'Delete'. Below these is a 'Settings' menu. The 'Manage Accounts' option is highlighted in grey, and a black arrow points to it from the left. Other options in the settings menu include Personalization, Quick Actions, Automatic Replies, Reading, Signature, Notifications, Email security, What's new, Help, Trust Center, Feedback, and About. On the left side of the interface, there is a partially visible email header with the number '3387' and the text 'further help.' Below the email header, there is a partially visible paragraph of text starting with '(s). If you are not the intended recipient, you should not monitor all incoming and outgoing email. It remains your responsibility to...'
